ACADEMIC RIGHTS AND FREEDOMS

2.01 All ASMs enjoy equal rights to academic freedom.

2.02 Academic freedom is necessary for the pursuit of the University's purposes. The defence of academic freedom is an obligation on all members of the University community. Academic freedom does not require neutrality on the part of the individual, nor does it preclude commitment. Rather it makes commitment possible.

2.03 Therefore, the Parties agree to uphold the right of ASMs to teach, to learn, to carry out research, to publish, to comment, to criticise, to acquire and disseminate knowledge, to create, and to perform; all of these without deference to prescribed doctrine.

2.04 Academic freedom includes the right to discuss and criticise policies and actions of the University and the Association and protects against the imposition of any penalty by either Party for exercising that right.

2.05 Academic freedom carries with it the duty to use that freedom in a manner consistent with the scholarly obligation to base one's research and teaching on an honest search for knowledge. In exercising the freedom to comment and criticize, ASMs have a corresponding obligation to use academic freedom in a responsible manner by recognizing the rights of other members of the University community, and by affirming the rights of others to hold differing points of view.

2.06 Academic freedom does not confer legal immunity, nor does it diminish the responsibilities of ASMs to fulfil their academic obligations. ASMs as such shall not be hindered or impeded in any way by the Association or by the University from exercising their legal rights, nor shall they suffer any penalty imposed by either Party for exercising those rights.

2.07 ASMs retain all their freedoms as citizens to express themselves. The University accepts no responsibility for such expressions and exercises no censorship. In statements outside the University, ASMs shall not claim to speak on behalf of the University unless specifically authorized to do so. Should confusion arise concerning whether an ASM was speaking on behalf of the University, the ASM shall issue a disclaimer.

NON-DISCRIMINATION

2.08 Except as otherwise provided in this Collective Agreement, or by statute, the Parties agree that there shall be no discrimination or favouritism, interference, restriction or coercion exercised or practised with respect to any ASM in regard to any terms or conditions of employment as set out in this Collective Agreement, including, but not limited to, salary, fringe benefits, pension, appointment, hiring process, reappointment, dismissal, rank, promotion, tenure, sabbatical or other leave, by reason of age, physical appearance, colour, national or ethnic origin, citizenship, political or religious affiliation or non-affiliation, political or religious activity or non-activity or belief or non-belief, clerical or lay status, sex, sexual orientation, gender identity, gender expression, source of income, disfigurement, marital status, family relationship or responsibility, personal or social lifestyle or behaviour, physical or mental disability (except where the disability would clearly interfere with the proper carrying out of his or her required duties), including but not limited to the use of visual aids, language (except where the lack of language competence would clearly prevent carrying out the required duties), kinship, membership or activity or non-membership or non-activity in the Association, or by reason of any association with a person as described above. While the Parties agree not to discriminate on the basis of place of residence, an ASM who chooses to reside in a location which predictably interferes with the discharge of his or her responsibilities may not cite this Clause as a defence against disciplinary action resulting from that failure to discharge his or her responsibilities.
ETHICAL CONDUCT FOR RESEARCH INVOLVING HUMANS

2.09 The Tri-Council Policy Statement (2nd edition) entitled *Ethical Conduct for Research Involving Humans (2010)*, or successor, hereafter referred to as the Tri-Council Policy Statement, applies to research on humans conducted by ASMs. In any dispute about the meaning or application of the Tri-Council Policy Statement, the full text of the Policy Statement, including the commentary, shall be the basis for any judgement.

2.10 Research Ethics Boards (REBs) and Appeal Boards shall be established according to the requirements specified in the Tri-Council Policy Statement.

2.11 REBs shall not have, nor shall they assume, the power to recommend discipline, to impose sanctions or discipline, or to cause discipline to be imposed on ASMs, nor shall they have any power to cause to be placed in the member’s personal file any information related to the research proposal.

2.12 An Appeal Board shall have the power to review, amend, or reverse decisions of an REB. It shall not have, nor shall it assume, the power to recommend discipline, to impose sanctions or discipline, or to cause discipline to be imposed on ASMs, nor shall it have any power to cause to be placed in the member’s personal file any information related to the research proposal. The decision of the Appeal Board shall be communicated to the ASM and to both Parties.

2.13 Decisions of the REBs and Appeal Boards regarding the ethical propriety of research proposals shall not be subject to grievance.
Article 3
DUTIES AND RESPONSIBILITIES OF FACULTY MEMBERS

3.01 All Faculty Members have certain duties and responsibilities which derive from their positions as teachers and scholars with academic freedom. The professional duties and responsibilities of Faculty Members shall be an appropriate combination of:

(a) undergraduate and graduate teaching;

(b) research, scholarship, and [critical, creative] and professional [or developmental activities] work;

(a) academic service, which may include the application of the Faculty Member’s academic or professional competence or expertise in the community at large.

The pattern of these responsibilities may vary from time to time and from individual to individual. For the majority of Faculty Members, however, the principal duties will be in areas (a) and (b) above.

3.02 Faculty Members have a professional duty to develop and maintain their scholarly competence and effectiveness as teachers. Teaching includes the following responsibilities which shall be discharged in accordance with all relevant Senate resolutions and regulations:

(a) It is the responsibility of Faculty Members to teach their assigned courses in accordance with course descriptions in the University Calendar and the schedule shown in the approved timetable. By mutual consent of the Faculty Member and class, determined by fair and equitable procedures, class meeting times may be adjusted with the approval of the Administrative Head. Such approval shall not be unreasonably denied. Faculty Members shall make reasonable efforts to teach courses in accordance with the policies of their Academic Unit.

(b) Faculty Members shall inform their students of the methods and planned schedule of evaluation in their courses. Upon request, Faculty Members shall provide the Administrative Head with information describing their current courses, which may include course outlines, bibliography (if appropriate), methods and instruments of evaluation, planned schedule of evaluation and student consultation arrangements. Faculty Members shall provide the Administrative Head with any material describing their courses which is required by external accreditors.

(c) Faculty Members shall accept reasonable responsibility for academic advising and consulting with students. This includes:

(i) being available on campus for consultation with students. In the case of Faculty Members teaching distance education courses, consultation necessary for such courses need not be carried out on campus. In any case, Faculty Members shall be available at scheduled times for not less than two (2) hours per course per week for consultation, to a maximum of five (5) hours per week. Faculty Members shall make these arrangements known to their students in writing not later than six (6) days after the start of lectures in a semester or three (3) days after the start of lectures during Intersession or Summer Session;

(ii) accepting a fair and equitable share of advising duties. Such duties shall be performed off-campus only with the Faculty Member's consent. Faculty Members shall not unreasonably withhold their consent.

(d) Faculty Members shall examine or otherwise evaluate students in courses and programmes for which they are responsible. This includes the evaluation of student work within a reasonable period of time.
after its submission, its demonstration or its performance and acceptance of a fair and equitable share of grading or marking in team-taught or multi-section courses with a common final examination.

3.03 The duty to engage in scholarly activity includes:

(a) the conduct of research, scholarship, and critical, creative, professional or developmental work; and

(b) the dissemination of such work through publication, demonstration, presentation, exhibition or performance, or by other means appropriate to the discipline.

Both (a) and (b) must be present to comprise scholarly activity when viewed over a three (3) year period.

3.04 In fulfilment of the obligation to render academic service within the University, Faculty Members have the right and responsibility to take a fair and reasonable share of such responsibilities:

(a) through membership and participation on the appropriate bodies, for example the Senate, and on Departmental, Divisional, Faculty, School, and University, and other Committees and Boards;

(b) by undertaking other forms of academic service.

Faculty Members shall be elected or appointed to such bodies only with their consent which shall not be unreasonably withheld. Those who have the responsibility to make such appointments shall make every effort to ensure that academic service commitments are equitably shared.

3.05 In the exercise of their duties and responsibilities, members of Academic Units shall treat colleagues and students so that objectivity, fairness, respect for privacy and absence of harassment and discrimination are maintained in all deliberations, recommendations and decisions.

3.06 Participation of Faculty Members in the work of learned societies, disciplinary associations, professional organizations and associations, and organizations related to the professional competence or expertise of the Faculty Members shall constitute academic service within the meaning of Clause 3.01 (c).

WORKLOAD OF FACULTY MEMBERS

3.07 The duties and responsibilities of Faculty Members fall into three (3) categories, set out in Clause 3.01.

(a) In the absence of specific alterations effected under Clauses 3.18 - 3.32, the following two categories shall constitute approximately equal proportions of a Faculty Member's work:

(i) undergraduate and graduate teaching;

(ii) research, scholarship and critical, creative, professional or developmental activities work which may include professional activities that enhance the Faculty Member's professional competence or standing, or which advance the discipline.

(b) Some academic service is expected of each Faculty Member. The contribution of a Faculty Member in the academic service category shall be sufficient to ensure that collegial responsibilities can be carried out.

3.08 The determination of course offerings shall be the responsibility of the Administrative Head. In determining course offerings the Administrative Head shall take into account the resources of the Academic Unit and scholarly competence of the Faculty Members as well as the needs of the students. Every reasonable effort shall be made to ensure that the combination of offerings shall provide students with access to courses so that they may progress through their programme of studies in a timely manner.
3.09 The normal amount of teaching assigned for an Academic Year for Faculty Members in each Academic Unit shall be referred to as the "teaching norm". The teaching norm for each Academic Unit is shown in Appendix E. The norms shown in Appendix E shall remain the norms for the duration of the Collective Agreement.

3.10 The teaching load of all Faculty Members shall be set at the teaching norm for their Academic Unit except as varied by writing in accordance with this Collective Agreement.

St. John’s Campus

3.11 (i) (a) Following considerations under Clause 3.08, the Administrative Head shall indicate, in writing, the courses that ought to be offered in the upcoming Academic Year and at the same time, the Administrative Head shall indicate in writing to the Faculty Members that this is preliminary to the assignment of teaching workload.

(b) In response to the circulation of the list in (a) above, each Faculty Member shall submit his/her teaching preference from this list to the Administrative Head in writing.

(ii) (a) The Administrative Head shall then make a preliminary assignment of the number of courses and the particular courses to be taught by each Faculty Member and circulate this preliminary list of all teaching assignments to all Faculty Members and invite comments.

(b) After giving consideration to these comments, the Administrative Head shall notify each Faculty Member in writing of his or her teaching assignments. These assignments shall be fair and equitable when viewed over a two (2) year period.

(b) When the Faculty Members disagrees with the assignment made by the Administrative Head, the Faculty Members may submit an appeal to the Dean, outlining reasons for the disagreement. The Dean shall consider the appeal. In non-departmentalized Faculties, the appeal shall be submitted to the Provost & Vice-President (Academic).

Grenfell Campus

3.12 (a) Each Programme Chair of a single discipline Programme Unit at the Grenfell Campus, shall indicate the courses that ought to be offered in the upcoming Academic Year and shall consult with the Faculty Members in his or her Programme Unit concerning which of these courses they wish to teach. The Programme Chair shall indicate in writing to the Faculty Members that this is preliminary to the assignment of teaching workload.

(b) The Programme Chair shall advise the Dean on the course offerings and the assigning of individual teaching responsibilities in his or her Programme.

(c) For an interdisciplinary Programme Unit, the Dean shall issue a preliminary list of all teaching assignments to all Faculty Members in that Programme Unit and invite comments.

(d) After giving consideration to these comments, the Dean shall assign individual teaching responsibilities in a fair and equitable manner, when viewed over a two (2) year period after consultation with the Programme Chair within that interdisciplinary Programme Unit.
(e) Deans with responsibility for course assignments to Faculty Members at the Grenfell Campus who are not in Programme Units, shall follow the procedure listed for the St. John’s Campus in Clause 3.11(i) and (ii) above.

3.13 Teaching assignments shall be made and announced at least two (2) months before the start of a semester. In making such assignments, the Administrative Head shall take into account the following factors.

(a) The number of separate courses taught by each Faculty Member;

(b) The number of scheduled contact hours per course;

(c) The number of hours of preparation, grading and administration per course;

(d) The number of students enrolled in each course;

(e) The number of hours of academic advising and consulting per course;

(f) The level (introductory, upper year, graduate, et cetera) of each course;

(g) The type (lecture, laboratory, seminar, et cetera) of each course;

(h) Assistance of graduate students or colleagues in the teaching of courses;

(i) Additional hours of preparation required for a new course;

(j) The amount of intern, clinical, research, thesis, and other academic supervision of undergraduate and graduate students;

(k) Responsibility for the supervision of laboratory work as part of the scheduled courses;

(l) The abilities and scholarly competence of each Faculty Member;

(m) The number of years of university teaching experience of each tenure-track Faculty Member in her or his first year.

3.14 Faculty Members shall not be required to teach in more than two (2) of the three (3) semesters which comprise the Academic Year. A Faculty Member who agrees to teach in all three (3) semesters of an Academic Year shall not be required to teach in more than four (4) of the six (6) semesters of two (2) successive Academic Years. The Administrative Head shall make a serious effort to arrange the courses to be taught and the scheduling of teaching duties in a fair and equitable manner when viewed over a two (2) year period.

3.15 In Academic Units not established prior to the date of the signing of this Collective Agreement, the Dean, Director, or Associate Vice-President (MI) Academic and Student Affairs, shall determine the teaching norm for the Academic Unit, following consultation with the Department Head when the Academic Unit is in a departmentalized Faculty. In all cases, the Administrative Head shall have previously sought the formal advice of the Faculty Members in the Academic Unit. The teaching norm shall be a minimum of four (4) and a maximum of five (5) lecture courses or their equivalent as set out in Clauses 3.16 and 3.17 and shall be fair and equitable in relation to the workloads assigned to other Academic Units.
3.16 Course equivalencies shall be established or continued for all Academic Units according to the following procedure:

(a) Where equivalencies were established in accordance with previous Collective Agreements, the most recent equivalencies established in accordance with these Collective Agreements shall remain in effect for the duration of this Collective Agreement unless altered by the procedures in this Clause or Clause 3.17.

(b) When new teaching formats are established, the Dean or Director shall, following Collegial Consultation, determine the course equivalence for the new format. This determination shall be fair and equitable, and shall be circulated to all Faculty Members in the Academic Unit.

3.17 The equivalencies specified in Clause 3.16(a) may be altered according to the following procedures:

(a) Within sixty (60) days of the signing of this Collective Agreement and upon request by either:

(i) the Dean, Director, or where equivalencies were previously determined by department in a departmentalized faculty, the Department Head; or

(ii) at least ten (10) or one-half, whichever is less, of the Faculty Members from within the relevant Faculty, School, or Department;

the Administrative Head shall call a meeting of the Academic Unit for the purpose of deciding whether to re-examine course equivalencies.

(b) Following such a meeting and if formal approval has been obtained by a majority vote by ballot of the Faculty Members in that Academic Unit, a Faculty, School, or Department shall re-determine course equivalencies in the following manner:

(i) If the equivalencies had previously been established by Faculty or School, a Special Committee shall be struck within the Faculty or School, within one hundred (100) days of the date of signing of this Collective Agreement in order to redetermine the equivalence of all non-standard teaching formats, including, but not limited to, Laboratory Courses, and intern, clinical, research, thesis and other academic supervision of undergraduate and graduate students in the Academic Unit relative to a three-hour lecture course. The Special Committee shall consist of three (3) Faculty Members elected by and from among the Faculty Members in the Faculty or School and two (2) Faculty Members appointed by the Dean or Director. After receiving the Report of the Special Committee, the Dean or Director shall determine implement the course equivalencies as recommended in the Report of the Special Committee within ten (10) days of the receipt of the Report of the Special Committee. This determination shall be fair and equitable, and shall be circulated to all Faculty Members in the Academic Unit.

(ii) If the equivalencies had previously been established by Department, the Department Head shall, following Collegial Consultation, determine the equivalencies. This determination shall be fair and equitable, and shall be circulated to all Faculty Members in the Academic Unit.

VARIATIONS FROM THE TEACHING NORM
3.18 On an annual basis the proportion of a tenured Faculty Member’s work devoted to teaching may be increased under one or the other of the following provisions:
(a) A voluntary increase may be given following a signed agreement between a Faculty Member and the Administrative Head. With this increase in work devoted to teaching, the expectations for research, scholarly, creative and professional activities shall be correspondingly reduced. This provision shall be applied either when the Faculty Member voluntarily takes on one (1) or more sections beyond the normal teaching assignment or when, without a change in the number of course sections, the Faculty Member voluntarily undertakes implementation or operation of a major teaching project or programme for which there is a demonstrable need in the Academic Unit. These increases shall be taken into account in all promotion assessments.

(b) When, in the previous three (3) years, a Faculty Member has not engaged in scholarly activity in accordance with Clause 3.03, the proportion of his or her work devoted to teaching may be increased by up to two (2) courses or equivalent above the teaching norm for his or her Academic Unit. The Administrative Head shall consult with the Faculty Member before increasing the amount of teaching. No increase under this Clause shall be implemented prior to 1 September 2004.

3.19 (a) Notwithstanding Clauses 3.07 - 3.18, upon a declaration of anticipated financial exigency, the Dean, Director, or Associate Vice-President (MI) Academic and Student Affairs of each Faculty or School shall strike a Special Committee to consider temporary increases in teaching workload of one (1) course for all Faculty Members in that Faculty or School. The extra teaching shall not begin before the first semester that starts at least sixty (60) days after the Board declares financial exigency.

(b) This Special Committee shall consist of three (3) Faculty Members elected from the Faculty or School and two (2) Faculty Members appointed by the Dean, Associate Vice-President (MI) Academic and Student Affairs, or Director. In the case of non-departmentalized Faculties or Schools, the Special Committee shall consist of three (3) Faculty Members elected from the Faculty or School and two (2) Faculty Members appointed by the Dean or Director from the Faculty or School or from one (1) or more cognate Academic Units designated by the Faculty Members in the Faculty or School. The Special Committee shall establish its own procedures but allow input from all Faculty Members in the affected Faculty or School. The Special Committee shall also meet with the Dean, Director or Associate Vice-President (MI) Academic and Student Affairs of the affected Faculty or School.

(c) The Dean, Director, or Associate Vice-President (MI) Academic and Student Affairs, following a special meeting with the members of the Faculty or School, shall make representation to the Special Committee when he or she believes that such a temporary increase is required. The Special Committee shall evaluate this claim and submit its written Report to the Dean, Director, or Associate Vice-President (MI) Academic and Student Affairs within twenty (20) days, and at the same time, circulate the Report to the Faculty Members of the Faculty or School.

(d) The Dean, Director, or Associate Vice-President (MI) Academic and Student Affairs may, after seriously considering the Report of the Special Committee, assign a temporary one-course increase in the teaching workload for all Faculty Members in the Faculty or School.

(e) For subsequent years the process may be repeated with newly-formed Special Committees.

3.20 Faculty Members appointed to special externally-funded named chairs, where the expectation of the funding group(s) is that the chair holder will be predominantly involved in research, shall teach the number of courses per year agreed at the time of appointment to the chair. Such appointees shall not be eligible for a teaching assignment reduction under Clause 3.25. At the conclusion or termination of the external funding for the externally-funded chair, the chair holder shall assume the normal teaching duties of a Faculty Member.
ARTICLE 3

3.21 University Research Professors, during the five-year period of the award, shall teach the number of courses per Academic Year as determined by the University policy governing Research Professors.

3.22 Tenure-track Faculty Members who have not previously held a tenure-track appointment at a university shall be assigned one (1) less course than the teaching norm for his/her Academic Unit during the first two (2) years of their tenure-track appointment.

3.23 Clause 3.22 shall apply to those Faculty Members hired under Clause 11.04 of the MUN/MUNFA Collective Agreement. The course remissions permitted under Clause 3.22 shall be taken at the time the tenure track position begins. If preferred by the ASM, and agreed to by the Dean, this remission may be taken at the time of hiring, to facilitate completion of the doctoral dissertation.

3.24 (a) Faculty Members whose duties and responsibilities are set out in Articles 5, 6 and 24 shall have teaching workloads consistent with those Articles.

(b) Faculty Members whose appointments do not have a “(Research)” designation in Academic Units without a teaching programme shall have teaching workloads consistent with the teaching workloads of the Academic Unit(s) in which they are assigned teaching.

(c) The teaching portion of the workload in Academic Units without a teaching programme shall be taken into account in promotion and tenure assessments.

3.25 In each Academic Year, every Faculty or School shall set aside a minimum of one (1) percent of its normal teaching capacity, for the purpose of granting teaching remissions in support of research. Where the minimum of one (1) percent of normal teaching capacity would be less than one (1) remission there shall nevertheless be one (1) remission in that Faculty or School. The allocation of these teaching remissions for this purpose shall be subject to the following conditions:

(a) Normal teaching capacity shall be defined as the total number of tenure-track or tenured Faculty Members in a given Faculty or School on September 1 of the year preceding the Academic Year in which the remissions are to be granted multiplied by the teaching norms for the Faculty or School.

(b) No more than one (1) course shall be remitted under this Clause for a Faculty Member in a given Academic Year.

(c) A Faculty Member who already has a teaching remission for research purposes for the year in which remissions are to be granted under the provisions of this Collective Agreement shall not be eligible for remission under this Clause.

(d) The criteria for assessing applications for teaching remissions under this Clause shall be:

(i) the strength of the applicant’s research record;

(ii) the potential scholarly value of the research for which support in the form of a teaching remission is being sought;

(iii) the applicant’s need for a teaching remission in the year in question in order to pursue the research in a timely fashion.

(e) Applications for a teaching remission under this provision must be submitted to the Dean or Director of the applicant’s Faculty or School by April 15 of the year preceding the Academic Year for which the remission is sought.

CONFIDENTIAL
(f) The number of remissions under this Clause shall be at least the minimum specified, provided there are a sufficient number of applicants.

(g) At the same time that the Dean or Director informs applicants of his or her their decisions regarding course remissions, the Dean or Director shall circulate to all Faculty members in the Faculty or School, the names of the successful applicants for the course remissions under this Clause.

3.26 A larger proportion of academic service may be undertaken with a consequent reduction in the expectation for scholarly activity or with a reduction in assigned teaching only under the following circumstances:

(a) the Faculty Member holds tenure;

(b) the Faculty Member provides his or her their consent in writing;

(c) the Dean or Director approves in writing with a copy to the ASM’s assessment file.

3.27 (a) All variations from the normal pattern of work shall be made in writing with a copy to the ASM and the official personal file.

(b) Variations from the normal pattern of work shall be made on a fair, reasonable and equitable basis.

(c) For all Faculty Members whose workload assignments differ from the normal pattern, the variation shall be taken into account in promotion and tenure assessments.

3.28 By mutual consent of the Faculty Member and the Administrative Heads, Part of the normal academic teaching duties of the Faculty Member may be assigned and carried out in Academic Units other than the one in which the Faculty Member holds his or her their appointment provided the Faculty Member is competent to teach in the other Academic Unit and the teaching duties are assigned or approved by his or her their Administrative Head. Neither the Faculty Member nor the Administrative Heads shall unreasonably withhold his or her their consent. Teaching duties carried out in Academic Units other than the one in which the Faculty Member holds their appointment shall be credited to the Faculty Member’s teaching norm as follows:

| (a) | In the case of Faculty Members teaching undergraduate or graduate courses, the Faculty Member shall be entitled to the addition to their teaching norm for that Academic Year the course equivalent assigned to that specific course by the Academic Unit responsible for the course; |
| (b) | In the case of Faculty Members engaged in graduate supervision, the Faculty Member shall be entitled to the addition to their teaching norm for the appropriate Academic Year(s) the course equivalent for that assignment derived from the course equivalencies from their appointed Academic Unit; |
| (c) | For Faculty Members from Grenfell Campus engaged in graduate supervision, the Faculty Member shall be entitled to the addition to their teaching norm for the appropriate Academic Year(s) the course equivalent for that assignment derived from the course equivalencies from the St. John’s Campus Academic Unit that most closely matches their Grenfell Campus Discipline. |

3.29 From time to time, and following her or his consent, a Faculty Member may be assigned extra teaching, in addition to the previously assigned teaching, with no corresponding decrease in the expectations for research productivity. Such extra teaching duties shall be compensated in accordance with this Collective Agreement by remuneration or by remission from future teaching duties as per Clause 31.49.
3.30 The extra teaching referred to in Clause 3.29 may consist of one (1) or more course sections or the addition to an existing section of a number of students so that the increase in numbers is equivalent to or greater than the average for courses of that format and level (undergraduate or graduate) in that Academic Unit. In instances when the Administrative Head has notified the Faculty Member in writing that he or she is not required to participate in laboratory section(s), such laboratory teaching shall not be classified as extra teaching for the purposes of Clauses 3.29 and 3.30.

3.31 A Faculty Member shall not unreasonably deny a request by the Administrative Head to undertake extra teaching in order to replace another Faculty Member who is unable to teach their course. When such extra teaching duties extend beyond two (2) weeks, the Faculty Member shall be compensated in accordance with this Collective Agreement by remuneration.

3.32 Arrangements for additional teaching duties under Clauses 3.29 and 3.30 shall be formalized in writing within two (2) weeks of a Faculty Member accepting the additional teaching duties, and shall be included in the Faculty Member's official personal file.

GENERAL CONSIDERATIONS

3.33 Faculty Members in St. John’s shall not be assigned courses that require travel outside of the St. John’s area without their consent. Faculty Members at the Grenfell Campus shall not be assigned courses that require travel outside of the Corner Brook area without their consent. Such consent shall not be unreasonably withheld. Expenses related to such travel shall be reimbursed in accordance with the University’s policy on travel.

3.34 If justified, Faculty Members shall be provided with a reasonable amount of teaching assistance from Student Markers and Teaching Assistants. Such teaching assistance shall be provided upon written request to the Administrative Head, and if justified according to the nature of instruction, enrolment, requirements of the course syllabus, the balance of the Faculty Member's duties and responsibilities, and whether or not Laboratory Instructors or Instructional Assistants are assigned to the course. If the request is justified but teaching assistance is not provided, an appropriate adjustment shall be made in the Faculty Member's assigned teaching duties.

3.35 It is recognized that from time to time, and for sound academic reasons, a Faculty Member's teaching responsibilities may have to be altered within two (2) months prior to the start of, or during a semester. When an assigned course is cancelled, the Administrative Head may, following consultation with the Faculty Member, assign a replacement course to be taught at some future time agreeable to the Faculty Member. In such an event, the Faculty Member shall be compensated for any teaching of the assigned course which has been cancelled, in accordance with the Collective Agreement Clause 31.49.

3.35u If a Faculty Member's assigned teaching responsibilities are altered after the start of a semester, no replacement teaching duties shall be assigned.

3.36 Three (3) times a year, at least one (1) week before the start of each semester, the Administrative Head shall provide to every Faculty Member in their Academic Unit a tentative list of all course sections and instructors, the number of students per section, together with a list of all members expected to be on leave, for that semester and the next.

3.37 The supervision of students registered in undergraduate or graduate thesis work, or laboratory work outside of course work, and including advanced, directed and independent or individual research projects, and professional and clinical training shall not be assigned without the Faculty Member's consent. Such consent shall not be unreasonably withheld. This supervision shall be considered part of the assigned teaching duties.
3.38 After the start of a course a Faculty Member shall not be removed from the course, except in accordance with this Collective Agreement.

3.39 Unless provided for otherwise in the letter of appointment or by reduction of duties and responsibilities under Article 5, Faculty Members are employed by the University for twelve (12) months in each year, and except for holidays and vacations, shall meet their professional responsibilities throughout this period.
Article 4
DUTIES AND RESPONSIBILITIES OF LIBRARIANS

4.01 All Librarians have certain duties and responsibilities which derive from their practice as Librarians and their position as members of the academic community with academic freedom. The duties and responsibilities of Librarians shall be an appropriate combination of:

(a) professional practice in the University Library by providing professional consultation and assistance to library users and by maintaining and developing the library holdings and information systems on the basis of the needs of Academic Units and the financial resources allocated to the Library. In addition, Librarians are expected to develop their professional knowledge in Library administrative and committee work;

(c) research, scholarship, teaching, and critical, creative, and professional or developmental work activities.

4.02 The pattern of these responsibilities may vary from time to time and from individual to individual. For the majority of Librarians, however, the principal duties shall be in (a) above.

4.03 Librarians have a professional duty to develop and maintain their competence and effectiveness. In carrying out their duties, Librarians shall:

(a) discharge their assigned responsibilities in accordance with the appropriate Senate resolutions and regulations;

(b) have the responsibility to foster a free exchange of ideas, to refuse to practise or permit censorship, and to strive to ensure the fullest possible access to library materials for members of the University community;

(c) have the right to exercise professional discretion provided that they do not infringe upon the academic freedom of others.

4.04 Librarians shall have the right and responsibility to take a fair and reasonable share of administrative responsibilities other than those comprising part of their principal responsibilities:

(a) through membership on appropriate bodies, and on Faculty, School, University, and other Committees and Boards;

(b) by undertaking other administrative tasks.

4.05 A Librarian shall be elected or appointed to such bodies as listed in Clause 4.04(a) or undertake other administrative tasks only with his or her their consent. A Librarian shall not unreasonably withhold his or her their consent. Those who have the responsibility to make such appointments shall make every effort to ensure that academic service commitments are equitably shared.

4.06 Appointment to an administrative position or assignment to administrative duties in the Library shall not be contingent upon rank.

CONFIDENTIAL
4.07 In the exercise of professional or administrative responsibilities, Librarians shall treat academic colleagues and students so that objectivity, fairness, respect for privacy and absence of discrimination are maintained in all deliberations, recommendations and decisions.

4.08 Participation of Librarians in the work of learned societies, disciplinary associations, professional organizations and associations, and organizations related to the professional competence or expertise of Librarians shall constitute academic service within the meaning of Clause 4.01(b).

4.09 The duty to engage in scholarly activity as set out in Clause 4.01(c) includes:

(a) the conduct of research, scholarship, and critical, creative, and professional or developmental work;

(b) the dissemination of such work through publication, demonstration, presentation, exhibition or performance, or by other means appropriate to the discipline.

4.10 The University Librarian shall ensure that the assignment of duties and responsibilities is fair, equitable and reasonable.

(a) When such an excess would result from a planned change to a Librarian’s duties, either on a continuing or a limited-term basis, the compensatory reduction shall be agreed to before the change in duties takes effect.

(b) When such an excess has resulted from growth in the responsibilities associated with previously assigned duties, the compensatory reduction shall be made within ten (10) days of the Librarian applying to the University Librarian in writing for such a reduction.

(g) Within eight (8) months, and in each Academic Unit so affected, the University shall normally replace with tenured, permanent, or tenure-track ASMs, all ASMs who retire following from a reduction of duties and responsibilities.

5.06u The Parties recognize that there may be other circumstances in which a full-time ASM may wish to be granted a reduction in duties and responsibilities. Such situations shall be dealt with on a case-by-case basis.

APPOINTMENT OF FACULTY MEMBERS

7.01 The primary objective in recruiting is to develop the best possible teaching and research programmes for the University.

7.02 Appointments of Faculty Members shall be tenure-track, tenured, teaching term or regular term, as specified in Articles 11 and 23. The appointment of all Faculty Members except for any Faculty Members appointed to the Office of the Dean of Science as of July 1, 2011 shall be made to one (1) or more Academic Units and shall be made subject to the provisions of this Article unless otherwise specified in this Collective Agreement.

INITIATING APPOINTMENTS

7.03 When an Academic Unit wishes to make an appointment, it shall be initiated as follows:

(a) The Administrative Head shall formulate to his or her immediate administrative superior a request for approval to fill a position following Collegial Consultation with the ASMs in the Academic Unit concerning the nature of the appointment. In the case of an appointment to a Grenfell Campus Programme Unit, the Administrative Head’s decision to seek an appointment shall follow Collegial Consultation with the Programme Chair and other members of the Programme Unit concerned. In Counselling at the Grenfell Campus, the Vice-President (Grenfell Campus) shall define the nature of the appointment following consultation with the Counselling Faculty Members at the Grenfell Campus and in the Student Wellness and Counselling Centre.

(b) If the Provost & Vice-President (Academic) accepts the request of the Dean, Director, or Associate Vice-President (MI) Academic and Student Affairs, the Administrative Head shall meet and consult with the Search Committee, and shall determine the wording and placement of the advertisement. The advertisement shall include a closing date for receipt of applications for the position. The consultation process shall include a formal vote by the Search Committee.

(a) If the Vice-President (Grenfell Campus) accepts the request of the Administrative Head, the Administrative Head shall meet and consult with the Search Committee, and shall determine the wording and placement of the advertisement. The advertisement shall include a closing date for receipt of applications for the position. The consultation process shall include a formal vote by the Search Committee.

(b) For appointments in Counselling at Grenfell Campus, The Vice-President (Grenfell Campus) shall meet and consult with the Search Committee, and shall determine the wording and placement of the advertisement. The advertisement shall include a closing date for receipt of applications for the position. The consultation process shall include a formal vote by the Search Committee.

FORMATION OF SEARCH COMMITTEES

7.04 Normally, Search Committees shall be formed within each Academic Unit with respect to each appointment. However, the Faculty Members within an Academic Unit or Grenfell Campus Programme Unit may decide by formal vote that a single committee shall be established to take responsibility for some or all appointments over the course of that Academic Year. Such a formal vote shall be carried out, following discussion, at a meeting of Faculty Members who were notified of the meeting and the topic of discussion in advance. All Faculty Members in the Academic Unit or Grenfell Campus Programme Unit shall be notified of the result of the vote.
7.05 At the Grenfell Campus, if an appointment is to be made to a discipline represented in a Grenfell Campus Programme Unit(s), the Search Committee shall be established with ASMs from the Grenfell Campus Programme Unit(s) concerned in accordance with Clause 7.06; otherwise, the Search Committee shall be established from among ASMs in the appropriate School, and include one (1) or more of the members, if any, of the relevant discipline.

7.06 Search Committees shall consist of five (5) Faculty Members, three (3) of whom shall be elected by the Faculty Members from within the Academic Unit(s) or Grenfell Campus Programme Unit(s) and two (2) of whom shall be appointed by the Administrative Head, giving due regard to the provisions of Clauses 29.18 and 29.19. Deputy Heads may be elected to but shall not be appointed to search committees. The following exceptions shall apply:

(a) In the case of Academic Units or Grenfell Campus Programme Units with fewer than seven (7) and more than two (2) Faculty Members, the Search Committee shall consist of all Faculty Members in the Academic Unit or Grenfell Campus Programme Unit.

(b) For Academic Units or Grenfell Campus Programme Units with two (2) Faculty Members, they shall both be members of the Committee and the Administrative Head shall appoint one (1) additional Faculty Member from a cognate area at the same campus or from the Academic Unit concerned at the other campus.

(c) For Academic Units or Grenfell Campus Programme Units with only one (1) Faculty Member, the Administrative Head shall appoint two (2) additional Faculty Members, one (1) of whom shall be named by the Faculty Member. At least two (2) members of the Committee shall be from the campus at which the position is to be filled.

(d) Notwithstanding Clause 1.03(b), for Academic Units or Grenfell Campus Programme Units with no Faculty Members, the Administrative Head shall appoint three (3) Faculty Members to form a Committee. At the Grenfell Campus, the Administrative Head shall appoint the members of the Committee from cognate areas at the Grenfell Campus, or from the Academic Unit concerned at the St. John's campus, with the proviso that at least two (2) members of the Committee shall be Faculty Members at the Grenfell Campus.

(e) In the Faculty of Medicine, when an appointment is to be made where the successful candidate will be, or will possibly be, an ASM, the Search Committee shall be formed in accordance with the provisions of this Article except that the Administrative Head may include in the number of his or her appointees specified in Clause 7.06, one (1) member of the Faculty of Medicine who is excluded from this Collective Agreement by virtue of being engaged in the clinical practice of medicine, when the Administrative Head believes that such an individual can supply particular expertise that is required to assess candidates.

(f) In the Faculty of Engineering and Applied Science, one (1) of the two (2) appointed Faculty Members of the Search Committee shall be appointed by the Dean from outside the Department.

7.07 When Search Committees are formed for joint appointments between or among Academic Units or Grenfell Campus Programme Units, the Search Committees shall have representation from each appropriate Academic Unit.

The Committee shall have the option of holding meetings in the absence of the Administrative Head. The Administrative Head shall have the option of attending any interview of a candidate with the Committee, and shall be notified of the date and place of such interviews at the time the candidate is notified.

7.11 Normally, transaction of business shall require the presence of all members of the Search Committee. In no case shall business be transacted in the absence of more than one (1) member or in the absence of the Chairperson. In a case where a Committee has fewer than five (5) members, all members must be present for the transaction of business. Notwithstanding the above, participation by Telecommunications Technology in which all participants talk to one another in real time is acceptable when all members have all appropriate documentation and it is otherwise not feasible for the Committee to meet in person within the time frame necessary to make a decision.

7.12 Where a candidate under consideration presents a documented record of personal conflict with a Faculty Member otherwise eligible to serve on the Search Committee, and the Administrative Head determines that the documented personal conflict creates a reasonable apprehension of bias, then that Faculty Member shall recuse him or her themselves from serving on the Committee for that search.

7.13 Where a Faculty Member who is a member of the Search Committee has within the past six (6) years been an academic supervisor of a candidate under consideration, that Faculty Member shall recuse him or her themselves from serving on the Committee for that search.

7.14 In the event of a resignation from the Committee or where a member of the Committee becomes unavailable or ineligible to serve on the Committee before the Committee has begun to interview candidates, an attempt shall be made to fill the resulting vacancy by election or appointment according to the manner in which the member to be replaced was designated.

7.15 If the number of eligible Faculty Members who agree to stand for election is fewer than the number specified in Clause 7.06, nonetheless the Committee shall be composed of those appointed and elected within the terms of Clause 7.06. If a Committee is formed under this provision with less than a full complement of members, and if one (1) or more eligible candidates have later made it known that they are available, the vacancies shall be filled before the Committee has begun to interview candidates. These position(s) shall be filled by election, following a further call for nominations, or by appointment, according to the manner in which the position(s) would originally have been filled.

7.16 Professional support and consultation shall be provided by the Employment Equity Officer when requested by the Chair any member of the Search Committee. The representative from the Joint Equity Committee shall meet with the Search Committee before the Committee has begun to review applications.

7.17 The Search Committee shall not be required to perform duties outside the scope of this Article.

No candidate for a position shall have access to the files of the other candidates for the same position.

(d) interview the number of candidate(s) approved by the Dean, Director, or Associate Vice-President (MI) Academic and Student Affairs, or for Counselling Faculty Members at Grenfell Campus, the Vice-President (Grenfell Campus). When the position is tenure-track or tenured, the Dean, Director or Associate Vice-President (MI) Academic and Student Affairs, or Vice-President (Grenfell Campus) will approve no fewer than two (2) candidates to be invited for interviews. When there is only one (1) candidate short listed for a tenure track or tenured position, that one (1) candidate shall be invited for an interview.

7.22 At the interview, the Administrative Head shall present to the candidate the following:

(a) a copy of this Collective Agreement;

(b) a written statement notifying him or her of the need to determine eligible moving expenses and eligible years towards sabbatical leave, promotion and tenure and academic rank and salary in accordance with this Collective Agreement;

(c) a copy of relevant University policy and procedures concerning moving expenses.

When the interview occurs via Telecommunications Technology, the candidate shall be sent such documents no later than the time an offer of appointment is made.

APPOINTMENT CRITERIA
7.23 Assessment of candidates shall be based primarily on their ability to perform the academic duties of the advertised position as evidenced by the candidates' degrees and their records of, and potential for, teaching, research, scholarship and other scholarly, and critical, creative or professional, or other developmental work. Notwithstanding the above, the Search Committee shall consider the document circulated by the Joint Equity Committee as per Clause 29.10.

doctorate or generally accepted terminal professional qualification shall be appointed at the rank of
Assistant Professor or a higher rank.

NOTIFICATION OF APPOINTMENT
7.28 Should the successful applicant accept the appointment, the Administrative Head shall notify the members
of the Academic Unit.

7.29 A Faculty Member appointed to a position within the University shall receive a letter of appointment
which shall specify the campus; Academic Unit; rank; type of appointment; effective date; duration of the
appointment; salary; start-up funds (if applicable); eligible years towards promotion and tenure; and
eligible years towards sabbatical leave. At the Grenfell Campus, the letter of appointment shall also

Unit(s) or Grenfell Campus Programme Unit(s) concerned, shall determine which search or searches shall
continue.

In a case where a Committee has fewer than five (5) members, all members must be present for the transaction of business. Notwithstanding the above, participation by Telecommunications Technology in which all

Article 13

APPOINTMENT OF LIBRARIANS

13.01 The primary objective in recruiting is to develop the best possible library collection and service for the University.

13.02 Appointments of Librarians shall be tenure-track, tenured or term, as specified in Articles 17, 18 and 23. The appointment of all Librarians shall be subject to the provisions of this Article unless otherwise specified in this Collective Agreement.

INITIATING APPOINTMENTS

13.03 When the Library wishes to make an appointment, it shall be initiated as follows:

(a) The University Librarian shall, following Collegial Consultation with the Librarians in the divisions concerned, define the nature of the appointment and formulate to the Provost & Vice-President (Academic) or for Grenfell Campus, the Vice-President (Grenfell Campus), a request for approval to fill a position.

(b) If the Vice-President accepts the request, the University Librarian shall meet and consult with the Search Committee, and shall determine the wording and placement of the advertisement. The consultation process shall include a formal vote by the Search Committee.

13.04 In addition, with regard to the Health Sciences Library, the University Librarian shall consult with the Dean of Medicine; with regard to positions at the Ferriss Hodgett Library, with the Vice-President (Grenfell Campus); with regard to the Curriculum Materials Centre, with the Dean of Education; with regard to the School of Music Resource Centre, the Dean of Music; and with regard to positions at the Dr. C. R. Barrett Library, with the Associate Vice-President (MI) Academic and Student Affairs.

FORMATION OF SEARCH COMMITTEES

13.05 Normally, Search Committees shall be formed within the Library with respect to each appointment. However, the Librarians may decide by formal vote that a single Committee shall be established to take responsibility for some or all appointments over the course of that Academic Year. Such a formal vote shall be carried out, following discussion, at a meeting of Librarians who were notified of the meeting and the topic of discussion in advance. All Librarians shall be notified of the result of the vote.

13.06 No appointments of Librarians shall be made without the advice of a Search Committee as specified in this Article.

13.07 Except for appointments to positions in the Ferriss Hodgett Library, the Search Committee shall consist of five (5) Librarians, three (3) of whom shall be elected by the Librarians and two (2) of whom shall be appointed by the University Librarian except as provided for under Clause 13.08 and Clause 13.09 and giving due regard to the provisions of Clause 29.18 and Clause 29.19. At least three (3) members of the Search Committee shall be tenured.

13.08 In the case of the Health Sciences Library, the appointments to the Search Committee shall be made jointly by the Dean of Medicine and the University Librarian. 13.10 In the case of the Ferriss Hodgett Library, the Search Committee shall consist of five (5) ASMs. The elected members shall be Librarians from the Grenfell Campus elected by the Librarians at the Grenfell Campus and at St. John’s. If there are not three (3) Librarian members available at the Grenfell Campus to be elected to the Committee, the remainder of the elected members shall be elected from among the Librarians at the St. John's campus. Both of the appointed members shall be ASMs at the Grenfell Campus. The appointments to the Committee shall be made jointly by the Vice-President (Grenfell Campus) and the University Librarian.

13.11 Notwithstanding Clauses 13.07 through 13.10, when no Librarian can supply the particular expertise which is required to assess candidates for a given position or, when Librarians having such expertise decline the opportunity to serve or will be absent from campus for a substantial period during the search, the University Librarian may include in the number of his or her their appointees specified in Clauses 13.07 through 13.10 a Faculty Member from a cognate area.

13.12 The Search Committee shall elect its own Chairperson. Normally, the Chair of the Search Committee shall be tenured.

If a Committee is formed under this provision with less than a full complement of members, and if one (1) or more eligible candidates have later made it known that they are available, the vacancies shall be filled before the Committee has begun to interview candidates. These position(s) shall be filled by election, following a further call for nominations, or by appointment, according to the manner in which the position(s) would originally have been filled.

13.15 Normally, transaction of business shall require the presence of all members of the Search Committee. In no case shall business be transacted in the absence of more than one (1) member or in the absence of the Chairperson. In a case where a Committee has fewer than five (5) members, all members must be present for the transaction of business. Notwithstanding the above, participation by Telecommunications Technology in which all participants talk to one another in real time is acceptable when all members have all appropriate documentation and it is otherwise not feasible for the Committee to meet in person within the time frame necessary to make a decision.

13.16 In the event of a resignation from the Search Committee before the Committee has begun to interview candidates for a given position, it shall be filled by election or appointment according to the manner in which the member to be replaced was designated.

In cases where the first-ranked candidate appears clearly superior to all other applicants, a second candidate may be approved for interview only subsequent to the interview of the first candidate, and following a request from the Committee.

(e) arrange meetings so that all Librarians shall have the opportunity to meet and assess each candidate who is interviewed on campus. When the University Librarian, in accordance with Clause 13.25, has determined that the interview shall be conducted using Telecommunications Technology, arrange open meetings using Telecommunications Technology with all candidates who are interviewed at a distance;

Notwithstanding the above, the Search Committee shall consider the document circulated by the Joint Equity Committee as per Clause 29.10.

The Committee shall review its initial recommendation following this meeting with the candidate.

16.13 After the Promotion and Tenure Committee has completed its review of a candidate, it shall transmit its report to the University Librarian. The report must take into account the criteria for Promotion and Tenure specified in Articles 17 and 18. 17.17 In the case of a Librarian holding a part-time tenure-track appointment, the years of service at the University counted towards eligibility for tenure review shall be prorated as follows: the years of service shall be taken to be the duration of the part-time appointment multiplied by the ratio of part-time/full-time. The years of service shall be rounded up to the next full year for any part of a year greater than 0.7.

INFORMING THE COMMITTEE AND THE CANDIDATE
17.18 When the University Librarian makes a negative recommendation to the Provost & Vice-President (Academic), or in the case of candidates from the Ferriss Hodgett Library, the Vice-President (Grenfell

If the recommendation is not positive, the notification shall contain a statement of substantive reasons.

17.20 The Board shall notify the candidate in writing of its decision no later than six (6) months prior to the termination date of the tenure-track appointment. In the event this notification is delayed the Librarian’s appointment shall be extended by a period equal to the delay.

CRITERIA FOR TENURE

17.21 The criteria for the granting of tenure shall be:

(a) an effective contribution appropriate to the rank in the areas of primary responsibility; in the case of a Librarian I or II, the contribution should exhibit a level of skills, judgement and independence appropriate to an academic librarian at the first tenure review specified in Clause 17.06;

(b) demonstrated professional growth since the date of appointment; and

(c) the promise of future development.

Consideration shall be given to the tenure-track period as a whole, and also to relevant professional achievement prior to the tenure-track appointment.

17.22 Considering the professional duties and responsibilities of Librarians as set out in Article 4, the areas of assessment for tenure shall be the following, with the greatest weight placed on (a):

If the documentation in the file includes no information about one (1) or more of the three (3) areas specified in Clause 17.22 (a), (b) and (c) this shall be grounds for a negative recommendation or decision.

17.24 The Library may adopt more detailed statements of criteria than those set out in this Article, so long as such statements are consistent with this Collective Agreement and are formally approved by a majority vote by ballot of the Librarians. Copies of such statements shall be circulated to all Librarians at least twenty (20) days before the ballot is distributed. The University Librarian shall forward to the Association any such approved statement within twenty (20) days of the conclusion of the ballot.

18.02 A candidate shall be assessed in accordance with the procedures set out in Article 16 except as otherwise specified in this Article.

18.03 When a candidate resigns when being considered for a promotion, the provisions of Clause 17.25 shall apply.

18.04 When the University Librarian is not prepared initially to accept the recommendation of the Promotion and Tenure Committee, he or she shall refer the recommendation back to the Committee with their substantive reasons, and the Committee shall reconsider its recommendation in light of these reasons. The University Librarian shall inform the candidate of any such reconsideration and the Committee may request an additional meeting with the candidate. The Committee shall again report to the University Librarian and the University Librarian to the Provost & Vice-President (Academic) or Vice-President (Grenfell Campus) as specified in Clauses 16.13 and 16.14.

18.05 When the University Librarian makes a negative recommendation to the Provost & Vice-President (Academic) or Vice-President (Grenfell Campus) regarding promotion, the University Librarian shall inform the Promotion and Tenure Committee and the Librarian. In such a case, the University Librarian shall give a statement of substantive reasons and provide the Promotion and Tenure Committee's report.

18.06 In every case when a Librarian has applied for, or has been nominated for, promotion, the President shall receive and consider the recommendation from the Provost & Vice-President (Academic) and shall notify the candidate no later than May 1 of the President's recommendation to the Board. If the recommendation is not positive, the notification shall contain a statement of the substantive reasons.

18.08 If a candidate for promotion is unsuccessful in consecutive years at any time following the minimum number of years as stated in Clauses 18.14(a) and 18.17(a) as appropriate, further consideration shall not occur until the second year following the second denial of promotion.

CRITERIA FOR PROMOTION

18.09 To meet the criteria for promotion, the candidate shall provide evidence of a cumulative record of satisfactory performance appropriate to the rank being sought as specified in Clauses 18.12 - 18.19 and demonstrated professional growth. Considering the professional duties and responsibilities of Librarians as set out in Article 4, the areas of assessment for promotion shall be the following, with the greatest weight placed on (a):

The quality and originality of both published and unpublished work shall be considered.

(d) teaching.

Recommendations and decisions shall be based on the evaluation of documentation compiled by the Librarian following suggestions in the CAUT Teaching Dossier (see Appendix B). The Librarian shall select the particular components of the CAUT Teaching Dossier for inclusion in the file.

18.10 Recommendations and decisions about the quality or quantity of activities shall be based solely on documentation in the file. If the documentation in the file includes no information about one (1) or more of the areas specified in Clause 18.09 (a), (b), and (c), this shall be grounds for a negative recommendation or decision.

18.11 The Library may adopt more detailed statements of criteria than those set out in this Article, so long as such statements are consistent with this Collective Agreement and are formally approved by a majority vote by ballot of the Librarians. Copies of such statements shall be circulated to all Librarians at least twenty (20) days before the ballot is distributed. The University Librarian shall forward to the Association any such approved statement within twenty (20) days of the conclusion of the ballot.

18.11u If a Librarian achieves promotion before being granted tenure, the consideration for tenure shall occur in accordance with clauses 17.06 and 17.07.

18.13 To be promoted to the rank of Librarian III, a Librarian shall normally be expected to have demonstrated achievements in some of the areas specified under Clause 18.15 (b) and (c). 18.14 (a) At the time of application or nomination for promotion to Librarian III, a candidate shall normally have completed at least five (5) years of service at the rank of Librarian II, or shall

have an equivalent combination of relevant professional experience and service at the rank of Librarian II. Previous experience at other recognized libraries shall be considered, but, will not necessarily be equivalent to years of service at this University.

(b) An application or nomination for promotion to the rank of Librarian III before the candidate has completed five (5) years of service at the rank of Librarian II shall be considered and decided on its merits, with the proviso that promotion under such circumstances shall follow only upon demonstrated excellence and superiority in performance, which may incorporate the holding or attainment of additional relevant degrees or academic qualifications.

18.15 Considering the professional responsibilities and duties of Librarians as set out in Article 4, the criteria for promotion to the rank of Librarian III are the following with greater weight on (a):

(a) professional competence and effectiveness as a Librarian including a consistently high standard of performance of his or her their responsibilities, a mature understanding of Librarianship as a whole, and a commitment to keeping current with developments in his or her their areas of responsibility;

(b) a demonstrated record of academic service, including contributions to the University or the profession through appropriate committees, conferences, or other forms of service;

18.16 To be promoted to the rank of Librarian IV, a Librarian shall have demonstrated a clear record of consistently excellent performance of his or her their responsibilities; significant leadership within the University Library, both in the area of primary responsibility and in more general matters; and evidence of a continuing contribution of a high calibre to the profession or a relevant academic discipline.

18.17 (a) At the time of application or nomination for promotion to Librarian IV, a candidate shall normally have completed at least five (5) years of service at the rank of Librarian III, or shall have an equivalent combination of relevant professional experience and service at the rank of Librarian III. Previous experience at other recognized libraries shall be considered, but, will not necessarily be equivalent to years of service at this University.

(b) An application or nomination for promotion to the rank of Librarian IV before the sixth year of service at the rank of Librarian III shall be considered and decided on its merits, with the proviso that promotion under such circumstances shall follow only upon demonstrated excellence and superiority in performance, which may incorporate the holding or attainment of additional relevant degrees or academic qualifications. Degrees or qualifications which were the basis for promotion or appointment to a lower rank shall not be considered in this respect.

18.18 Considering the professional responsibilities and duties of Librarians as set out in Article 4, the criteria for promotion to the rank of Librarian IV are those set out in Clause 18.09 with appropriate adjustment to the standards for this rank using those criteria.

18.19 Length of service shall not modify the criteria for promotion to the rank of Librarian IV.
Article 19

DISCIPLINARY MEASURES AND NON-DISCIPLINARY RELIEF FROM DUTIES

INTRODUCTION

19.01 An ASM may be disciplined only for just and reasonable cause. Such disciplinary action shall be reasonable and commensurate with the seriousness of the violations.

19.02 The causes for discipline shall include, but are not limited to: gross misconduct; an immediate threat to the University’s employees, students or physical facilities; misrepresentation of credentials; persistent neglect of duty; failure to maintain an acceptable standard of competence and performance in duties appropriate to the appointment; or malicious damage to University property.

19.03 The only disciplinary measures that may be taken by the University are the following:

(a) a letter of warning or reprimand
(b) suspension without loss of pay
(c) suspension with loss of pay
(d) dismissal.

19.04 Except for action taken under Clauses 19.12 to 19.16:

(a) when the University decides that an investigation is not required, disciplinary action shall be initiated within thirty (30) days of the date the University knew, or ought reasonably to have known, of the occurrence of the matter giving rise to the discipline.

(b) when the University decides that an investigation is required that might lead to the imposition of discipline, the ASM, and the Association shall be notified in writing of the alleged infraction within twenty (20) days of the date the University knew, or ought reasonably to have known, of the occurrence of the matter which might give rise to the discipline. The notification in writing of the alleged infraction shall include a clear statement of the alleged infraction(s), including the complainant’s written submission and related documentation, and a summary of the information surrounding the allegation(s) that the University had when it decided that an investigation was necessary. The notification shall also include copies of all documentation, if any, that led to the decision to investigate. The investigation shall be confidential and conducted in such a way as to balance the need for a fair investigation with the rights to privacy of the person(s) accused and the person(s) making the allegation(s). The University shall not notify any outside agencies or individuals that an investigation is ongoing. The ASM and the Association shall be notified of the result of the investigation within fifty-five (55) days of the first notice.

(c) when a complaint is made by a student concerning the actions of an ASM who is currently teaching the student complainant, the date on which the University knows, or ought reasonably to know, of the matter giving rise to the discipline may, at the University’s discretion, be deemed to be the last day on which the marks for courses in the current semester are scheduled to be submitted to the Registrar. If the University has exercised this option, the University shall take no disciplinary action or any action that may lead to discipline until after the last day in which marks for courses in the current semester are scheduled to be submitted to the Registrar.

19.05 Any disciplinary action taken under this Article shall remain confidential until the time limit for submitting a grievance regarding the imposition of that discipline has passed. If a grievance is submitted,
the disciplinary action shall remain confidential until the grievance is resolved, or the arbitration decision is received by the Parties.

19.06  (a)  Neither medical disability nor illness shall be cause for reprimand, suspension or dismissal.

(b)  If an ASM has been disciplined for an incident they claims resulted from medical disability or illness, he or she shall so notify the University. In such cases, the University may require the ASM to provide a medical certificate from a physician of their choice. The physician shall be requested to advise whether medical disability or illness might reasonably have caused the incident which led to the initiation of disciplinary action, and if so, recommend whether the ASM should be placed on sick leave. If the University challenges the physician's assessment, the advice of a second physician of the University's choice shall be obtained. If these two physicians disagree, a third physician acceptable to the Association and the University shall be consulted and their opinion shall stand. The ASM shall not unreasonably refuse to be examined by a physician.

(c)  The ASM shall allow the University, and, as part of an application for Long Term Disability Insurance the University's insurers, access to the necessary medical information to confirm the medical disability or illness. This medical information shall remain strictly confidential. If the medical examination substantiates the ASM's claim that medical disability or illness caused the incident which led to the initiation of disciplinary action, any disciplinary action that has been taken shall be rescinded and, in accordance with the physician's recommendation arising from the medical examination, the ASM shall accept sick leave or shall continue or resume their duties.

(d)  When one (1) or more physicians' assessments are sought in accordance with Clause 19.06(b), the University shall be deemed to have known of the occurrence of the matter as of the date of receipt of the final physician's assessment. If the University continues with discipline after receiving the physicians' assessments, the time permitted in Article 20 for the Association to file a grievance shall begin from the time the University notifies the ASM of its intention to continue discipline following receipt of the final physician's assessment.

(e)  Once the physicians' assessments relating to a specific incident have been received in accordance with this clause, the ASM cannot request a further investigation based on a defence of medical disability or illness, except as part of a grievance resolution or because substantive new information regarding the disability or illness has become available.

19.07  If an ASM goes on sick leave in accordance with a physician's recommendation, as set out in Clause 19.06(c), the ASM shall receive benefits in accordance with the sick leave provisions of Article 22.

19.08  Letters of warning or reprimand shall be clearly identified as being disciplinary measures, shall contain a clear statement of the reasons for taking this action and shall be delivered by the University in a manner that provides proof of receipt, either by means of a receipt signed by the individual ASM so named in the letter, or in the presence of a witness other than the person delivering the letter. Further proceedings shall not commence until the Administrative Head has proof of delivery.

19.08u#1 All notifications concerning an investigation, or disciplinary measures imposed, shall be copied to the Association.

SUSPENSION

19.09  When the University intends to suspend an ASM with or without loss of pay as a form of discipline, the University shall provide written notification of the dates of commencement and termination of the suspension and of the reasons for the suspension to the ASM. Such notification shall be delivered by
the University in a manner that provides proof of receipt, either by means of a receipt signed by the individual ASM so named in the letter, or in the presence of a witness other than the person delivering the letter. Further proceedings shall not commence until the Administrative Head has proof of delivery.

19.10 If suspension with loss of pay is proposed, the case shall then be treated as an unresolved grievance which has been processed through Step 2, in accordance with Article 20 of this Collective Agreement. If, within twenty (20) days of receipt of the written statement of reasons for the proposed suspension, the Association gives notice to arbitrate, the procedures in Clauses 20.07 to 20.16 shall be followed.

19.11 Only if the Association then fails to give notice to arbitrate within twenty (20) days or if the grievance, if one is filed, is denied at arbitration may the University implement the suspension.

19.16 The case shall be treated as an unresolved grievance which has been processed through Step 2, in accordance with Article 20 of this Collective Agreement. Only if the Association does not give notice to arbitrate within thirty (30) days or if the grievance is denied at arbitration may the President transmit his or her their recommendation for dismissal to the Board. The ASM shall continue to receive salary and benefits in accordance with Article 31 of this Collective Agreement until the Board has approved this recommendation from the President to dismiss.

19.17 When the President has determined is satisfied that there is documented cause to justify his or her their recommending that an ASM be dismissed for a reason other than those specified in Clause 19.12, he or she they shall forthwith notify the ASM of his or her their intentions with a written statement of reasons.

19.18 If, within twenty (20) days of receipt of the written statement of reasons for recommending dismissal, the Association files a grievance, the case shall be treated as an unresolved grievance which has been processed through Step 2, in accordance with Article 20 of this Collective Agreement. If a grievance is filed, the following procedures shall apply:

(d) If the grievance is allowed at arbitration, but the decision is received after the four (4) month period referenced in Clause 19.18 (b) has expired, the University shall pay the ASM’s salary and the University’s share of benefits for the period between the end of the four (4) months and the date the decision is received.

19.19 When a grievance involving Dismissal for Cause, Part B is filed, and the grievance is denied at arbitration the President may transmit his or her recommendation for dismissal to the Board. The ASM shall continue to receive salary and benefits in accordance with Article 31 of this Collective Agreement until the Board approves this recommendation from the President to dismiss or until the four (4) month period referenced in Clause 19.18 (b) has expired, whichever is the lesser.

19.20 The Parties agree that in order to expedite the hearing, the arbitrator shall be chosen according to the procedures in Article 20, with the proviso that the arbitrator chosen shall agree to render the decision within the four (4) month period.

19.22 An ASM may be immediately relieved from duties if either:

(a) the actions of the ASM constitute a serious danger to life or limb; or

(b) the actions of the ASM constitute a serious and willful danger to the University’s physical facilities.

19.23 No ASMs shall be relieved from duties without the prior invocation of Clause 19.22 of the Collective Agreement. In the event that Clause 19.22 is invoked, at that time the University shall provide the ASM and the Faculty Association (MUNFA) with a summary of the information and copies of all documentation, if any, that it had that led to the decision to invoke Clause 19.22. Such notification shall not in itself constitute a disciplinary measure.

19.25 During the period of such relief from duties, the ASM shall continue to receive normal salary, salary increases and benefits.

ii) The University has given notice to an ASM and the Association of its intention to suspend an ASM without pay, or of its intention to recommend that an ASM be dismissed for cause, and the presence of the ASM in the workplace during the period leading up to the disposition of the matter might place the health, safety, or security of people at risk, or place the safety, or security of the University premises at risk;

(b) Campus Enforcement and Patrol (CEP) shall be notified of the disciplinary relief from duties that includes a ban from the workplace, and shall be responsible for enforcing it;

When such a request has been submitted, the University shall review the decision to impose the disciplinary relief of duties that includes a ban from the workplace, and issue a decision on the review no later than twenty (20) days from the date of the request for the review. If the Association wishes to submit relevant documentary evidence to support its request to lift the disciplinary relief of duties that includes a ban from the workplace, the Association shall do so within five (5) days of the date of the review request. Following a review, if the University is satisfied that the presence of the ASM at the workplace no longer places the health, safety, or security of people at risk, or no longer places the safety or security of University premises at risk, the University shall lift the disciplinary relief of duties that includes a ban from the workplace. In all instances, the ASM and the Association shall be notified of the review decision and the reasons that led to the decision;

(e) For the purposes of this Clause, workplace is defined as any property under the control of the University where normal university business is being carried out or conducted, but does not include the General Hospital or Janeway Hospital sections of the Health Sciences Centre.

CRIMINAL CHARGES AND CONVICTION

19.26 An action of an ASM may result in disciplinary action or criminal action or both. A criminal charge or conviction is not in and of itself grounds for discipline or dismissal. Any disciplinary action which follows from the events that give rise to the charge or conviction shall be subject to all the protections of this Collective Agreement.

19.27 In the event that an ASM is accused of an offence which requires a court appearance, he or she shall be granted leave of absence without loss of benefits, and pay, to which he or she would otherwise be entitled, for the actual time of such an appearance. In the event that the accused ASM is jailed awaiting a court appearance, he or she shall receive leave without pay. (h) failure to reveal to the University any material financial interest, either by the ASM or a close relative, in a company that contracts with the University to undertake research, or to supply goods or services directly pertaining to the ASM's University research. Material financial interest includes ownership, substantial stock holding, a directorship, substantial honoraria or consulting fees but does not include routine stock holding in a large publicly traded company.

19.34 (a) All allegations of gross misconduct in academic research shall be made in writing, shall specify the misconduct alleged, and shall be signed and directed to the President. If in his or her judgment, based on the signed complaint, and, if requested by the President an interview with the complainant, there is sufficient substance to warrant formal investigation, the President shall notify the Association and the ASM who is the subject of the allegations, in writing that he or she is under investigation. Such notification shall be within twenty (20) days of receipt of the allegation. Otherwise, the allegations shall be dismissed, no action taken, and all related documentation destroyed.

(b) The written notice shall include a copy of the signed allegations to allow the ASM who is the subject of the allegations an opportunity to respond and shall advise the ASM in writing of his or her right to be accompanied or represented as stated in Clause 19.34. Such notification shall be delivered by the University in a manner that provides proof of receipt, either by means of a receipt signed by the individual ASM so named in the letter, or in the presence of a witness other than the person delivering the letter. Further proceedings shall not commence until the University has proof of delivery. The investigation shall be confidential and conducted in such a way as to balance the need for a fair investigation with the rights to privacy of the person(s) accused and the person(s) making the allegation(s).

19.35 During the course of the formal investigation, the ASM named in the allegations or an ASM otherwise participating shall have the right to be accompanied by a person of his or her choice at any meeting in which he or she participates or is present, or to have such a person represent him or her at any meeting in which he or she would otherwise participate or be present.

19.36 The ASM named in the allegations shall be given a copy of the draft final report stemming from the investigation, and will be given adequate opportunity to know any evidence presented in the report and to respond to that evidence if he or she chooses to do so. The draft final report shall be given to the ASM within sixty (60) days of the President informing the ASM of the investigation. The ASM shall have ten (10) days to respond to the draft final report. If notice of discipline is not received within ninety (90) days of the sending of the President's written notice of investigation, then discipline shall not be imposed.

19.37 Any discipline imposed on an ASM for gross misconduct in research shall be subject to Clause 19.03. If the Association decides to grieve under Article 20, then the grievance shall proceed directly to Arbitration (Step 3).

19.38 If the proposed discipline is one of suspension, then the provisions of Clauses 19.09 to 19.11 shall apply except that the time limit in Clause 19.11 shall be twenty (20) days. If the discipline is one of dismissal, the provisions of Clauses 19.17 to 19.21 shall apply except, notwithstanding Clause 19.18, an arbitration board of three (3) persons shall hear the grievance.

19.39 If the University decides after investigation not to discipline the ASM named in the allegations or if an arbitration board decides that no discipline is to be invoked, then the University shall remove all
documentation relating to this matter from the ASM's official personal file. The University shall take such steps as may be necessary and reasonable to protect the reputation and credibility of ASMs wrongfully accused of gross misconduct in academic research, including written notification of the decision to all agencies, publishers, or individuals who were informed by the University of the investigation.

19.40 The University shall use its best efforts:

(a) to minimize disruption to the research of the complainant and of any third party whose research may be affected by the securing of evidence relevant to the allegation during the course of the formal investigation; and

(b) to ensure that any such disruption not negatively affect future decisions concerning the careers of those referenced in (a) above.

19.41 The University shall take disciplinary action against those who make unfounded allegations of gross misconduct in research which are reckless, malicious or not in good faith.

19.42 Only if a formal investigation sustains an accusation of gross misconduct in research in relation to research that is funded by an outside agency or research that has been published or submitted for publication, the President shall so inform the agency or publisher concerned of the decision. In any event, if the outside agency or publisher has been informed of the proceedings before a judgment has been rendered, the President shall send a copy of the investigator’s report and the decision of the University or the arbitration board to the agency or publisher concerned.

19.42u#1 If an outside agency or publisher has been informed of the proceedings before the deadline for filing a grievance has passed, or before the receipt of an arbitration award, whichever comes first, the President shall send a copy of the investigator’s Report and the decision of the University, the agreement of the Parties on the matter, or the arbitration award, to the agency or publisher concerned. The University shall make its best efforts to restore the reputation of the ASM and provide appropriate compensation.
Article 20
COMPLAINTS, GRIEVANCE AND ARBITRATION

20.01 Should a dispute arise between the Association or an ASM and the University, an earnest effort shall be made to settle the dispute in accordance with the provisions of this Article. The resolution of a dispute may commence under either Clauses 20.03 or 20.06.

20.02 Definitions in this Article:

(a) A Complaint is a problem that may be resolved without reference to the formal grievance procedure as set out in Clause 20.06.

(b) A Grievance is a dispute regarding the interpretation, meaning, operation, or application of this Collective Agreement, including any question as to whether a matter is arbitrable or not, any allegation that this Collective Agreement has been violated, or any other dispute arising out of the administration of this Collective Agreement.

20.03 An ASM who has a complaint may first present it orally to his or her Administrative Head and shall do so within twenty (20) days of the date he or she knew or ought reasonably to have known of the events giving rise to the complaint. The Administrative Head shall give his or her oral answer within ten (10) days. Should the oral answer not be acceptable, the complaint may be submitted at Step 1 of the Grievance Procedure.

If the oral answer is acceptable, the Association may require that the answer to the complaint be put in writing by submitting to the Administrative Head a written statement of the complaint within five (5) days of the oral answer. The Administrative Head shall give his or her written answer within a further five (5) days.

20.04 When a grievance involves termination, layoff, or a question of general application or interpretation, the Parties by mutual agreement may bypass either Step 1, or both Step 1 and Step 2.

20.05 The Association shall have the right to originate a grievance on behalf of an ASM, or a group of ASMs, or on its own behalf. Association grievances shall originate at Step 2.

20.06 A grievance shall be resolved in accordance with the following procedures:

STEP 1. The aggrieved ASM shall submit his or her grievance to the Association and, if the Association considers the grievance to be justified, the ASM concerned, together with a representative of the Association, shall within twenty-five (25) days of the date he or she knew or ought reasonably to have known of the occurrence of the matter giving rise to the grievance or within ten (10) days of the conclusion of the complaint procedures under Clause 20.03, whichever is later, submit the grievance in writing to the Administrative Head and an earnest effort shall be made by all Parties to settle the grievance at Step 1. The Administrative Head shall, within twenty-five (25) days of receipt of the grievance, render a decision in writing, following a meeting of the interested Parties if either Party deems a meeting to be necessary.

STEP 2. If the decision rendered by the Administrative Head at Step 1 is unsatisfactory to the Association, and the Association decides to continue the grievance, the grievance shall be submitted to the President within fifteen (15) days. The President or his delegate shall convene a grievance resolution meeting of the two Parties. Each Party shall be represented by no more than four (4) representatives who shall make an earnest effort to resolve the grievance. The University shall forward its decision to the Association within twenty-five (25) days of the receipt of the grievance by the President.
STEP 3. Failing a satisfactory settlement being reached, as provided in Step 2, either Party may decide to take the grievance to arbitration and shall notify the other Party within twenty (20) days of the Association receiving the reply at Step 2 or within forty-five (45) days of the President receiving notification of the grievance at Step 2.

20.06 Notwithstanding Clause 20.06, a technical violation or irregularity, including violation of the time limits, in the grievance and arbitration process shall not prevent the substance of a grievance being heard and judged on its merits, nor shall it affect the jurisdiction of the arbitrator unless there is a prejudice to either Party.

ARBITRATION
20.07 Where a grievance arises between the Parties to, or persons bound by, this Collective Agreement or on whose behalf it has been entered into, one (1) of the Parties may, after exhausting the above grievance procedure, notify the other Party in writing within the time limits specified in Step 3 of its desire to submit the grievance to arbitration. The notice shall contain the name of the person appointed to be its nominee on the arbitration board.

20.08 The Party to whom the notice is given shall within five (5) days after receiving the notice name the person whom it appoints to be its nominee on the arbitration board and advise the Party who gave the notice of the name of its nominee.

20.09 The Parties shall within five (5) days after the appointment of their nominees select a third person in accordance with the provisions of Clauses 20.10 to 20.13, and he or she they shall be Chairperson of the arbitration board.

Whichever person is chosen, the next arbitration case shall be heard by the next person in rotation. If none of the persons is available within two (2) months of the date on which he or she is they are notified, then the person available at the earliest date shall be the Chairperson of the arbitration board.

20.12 By mutual agreement, the Parties may select a person on the list out of turn. However, should the Parties fail to agree, then the arbitration board shall be chaired by one of the persons listed in Clause 20.10 in accordance with the rotation schedule set out therein.
20.13 If the Party to whom notice is given fails to appoint a nominee within the period of five (5) days after receiving the notice, the Minister of Environment and Labour shall, on the request of either Party, appoint a nominee on behalf of the Party who failed to appoint a nominee.

20.16 Each Party which is required to name a member of the arbitration board shall pay the remuneration and expenses of that member and the Parties shall pay equally the remuneration and expenses of the Chairperson.

SOLE ARBITRATOR

20.17 Where a grievance is referred to arbitration, both Parties may, by mutual consent, agree to have the dispute dealt with by a sole arbitrator. 20.18 The time limits set forth in this Article may be varied by mutual consent of the Parties to the Collective Agreement.

20.20 The University shall provide space to hold the arbitration hearings on the University campus unless otherwise requested by the Chairperson of the arbitration board.
Article 21

22.18 Regardless of which option is chosen in Clause 22.17, subject to the provisions of the Income Tax Act and rulings of Canada Revenue Agency, an ASM shall be eligible to apply for a research grant of up to five (5) percent of the Basic Annual Salary prorated for the length of the leave.
22.19 Separately and in addition to Clause 22.18, subject to the provisions of the Income Tax Act and rulings of Canada Revenue Agency, an ASM on sabbatical leave may apply to take a portion of their remuneration as a research grant in accordance with Clause 26.32.

22.20 For calculation of years of eligible service:

(e) prior service at another university shall be evaluated at the time of initial tenure-track or tenured appointment and the number of years of agreed eligible service shall be stated in the letter of appointment.

22.21 An application for a sabbatical leave shall be submitted in writing to the Administrative Head ten (10) months in advance of the date the leave is to commence, or within a shorter period with the written agreement of the Administrative Head. An application for sabbatical leave shall be supported by adequate documentation which outlines the scope and aims of the proposed sabbatical activity and shall include a copy of the report of the last sabbatical referenced in Clause 22.31.

22.22 In making a recommendation to the Provost & Vice-President (Academic) or for ASMs at Grenfell Campus, the Vice-President (Grenfell Campus), the Administrative Head, and the Dean, when applicable, shall take into account the academic performance of the applicant since the last sabbatical, if one were taken. The University shall notify the ASM of its decision no later than three (3) months after receipt of the application by the Administrative Head. If the sabbatical leave is not approved the ASM shall be provided with the substantive reason(s) for denying sabbatical leave by the Provost & Vice-President (Academic) or for ASMs at Grenfell Campus, the Vice-President (Grenfell Campus) or his or her delegate. Sabbatical leave shall not be unreasonably denied.

22.23 When an ASM applies for sabbatical leave but the University delays the sabbatical leave because of operational requirements, the time by which the current leave is delayed shall be counted as eligible service for the next sabbatical leave. Such delays shall not exceed one (1) year. If a sabbatical leave is delayed for operational reasons, the ASM shall be notified by the University of this decision no later than three (3) months after the application is submitted.

22.24 If a sabbatical leave has been granted, it is expected that the ASM will take the leave unless unforeseen personal hardship will ensue or unless the proposed activity must be cancelled or delayed due to circumstances beyond the control of the ASM. Requests for cancellation or delay must be submitted in writing to the Administrative Head and shall not be unreasonably denied. If a sabbatical is cancelled, or delayed beyond one (1) year, a new application must be filed.

22.25 When a sabbatical leave has been approved for a Faculty Member, leave shall commence September 1 or January 1 or May 1 or on an alternative date mutually agreed by the Faculty Member and the Administrative Head, following the year of service in which application was made.

22.26 Notwithstanding Clause 22.25, if a Faculty Member applies for a 12-month sabbatical leave to be taken in an Academic Year, and, at the request of the Administrative Head, the application is amended to be taken in a single calendar year, the remuneration during the sabbatical leave shall be ninety-five (95)
percent of salary. Such arrangements are subject to the approval of the Provost & Vice-President (Academic) or for ASMs at Grenfell Campus, the Vice-President (Grenfell Campus).

22.27 An ASM may receive, while on sabbatical leave, outside assistance in the form of grants or scholarships, and may engage in outside professional activities in accordance with Article 21.

22.28 ASMs on sabbatical leave shall have the right to continue to participate in all employee pension and insurance plans in accordance with the terms of those plans as if they were not on leave. ASMs, upon application, may receive travel assistance from the University while on sabbatical leave on the same terms as if they were not on leave. When the plan for the sabbatical leave requires significant use of his or her their office and research space, the ASM shall continue to be provided with his or her their existing office and research space. Access to secretarial service and all other University facilities normally provided to support the academic work of the ASM shall continue while on sabbatical leave.

(c) the sabbatical is for a period of four (4) months and less than two (2) months of the sabbatical has been used or the sabbatical is for a period of twelve (12) months, and more than two (2) months remain.

Alternatively, the suspended portion of the leave shall be added to the term of the next sabbatical leave.

22.30 When sabbatical leave is completed, the ASM shall return to the University for a period of time equal to the duration of the sabbatical leave and shall return to his or her their normal duties.

22.31 Within forty (40) days of returning from sabbatical leave, an ASM shall submit to his or her their Administrative Head a Report outlining the research, scholarship, and critical, creative or professional, or developmental work activity undertaken, and the outcomes of this activity.

22.32 ASMs shall be entitled to apply for assisted educational leave to improve their qualifications or to pursue a higher degree under the following conditions and subject to the needs of the University.

22.33 Application by an ASM for assisted educational leave shall be made in writing to the Administrative Head not less than seven (7) months before the intended commencement of the leave. The application shall include a justification of the nature and duration of the leave. The Dean, or equivalent administrative officer, shall respond not less than five (5) months before the intended commencement of the leave. The application shall not be unreasonably denied.

22.34 If the leave is granted, the ASM shall be paid an educational assistance grant equivalent to fifty (50) percent of his or her their salary.

22.35 In addition to the foregoing, Special Assisted Educational Leave at eighty (80) percent of salary shall be available for tenured Faculty Members who do not currently hold a doctoral degree to pursue full-

However, approval of applications may be limited such that there shall be a maximum of ten (10) Faculty Members on such leave at any one time. A maximum of two (2) years of such leave may be granted.

22.36 The ASM shall agree to return to duties at the University for a period equal to the time the ASM was absent, or to reimburse the University for monies granted. If an ASM returns to the University for a period of time less than the length of the leave, the reimbursement shall be prorated accordingly.

22.37 The ASM shall continue to be eligible to participate in all employee benefit plans, and the University shall continue to make the normal contributions to such plans in respect of the ASM. The ASM's employee contributions shall be deducted from the amount of the educational assistance grant.

22.38 Once assisted leave has been granted, it is expected that the ASM will take the leave unless unforeseen personal hardship will ensue or unless the proposed activity must be cancelled or delayed due to circumstances beyond the control of the ASM.

22.39 An ASM on Assisted Educational Leave shall not accrue vacation leave or credit toward a sabbatical leave.

22.40 The Association shall be informed of the names of all persons for whom Assisted Educational Leave has been approved and the terms of the leave.

This information shall be provided within fifteen (15) days of the commencement of the sick leave.
22.45 If the application of an ASM for Long Term Disability benefits is refused by the insurance carrier, or if the insurance carrier discontinues the benefits, the ASM may apply for a reduction of duties and responsibilities as specified in Article 5. In such cases, the University reserves the right to require that the ASM provide a letter from a physician attesting to the fact that the ASM is well enough to resume the reduced duties and responsibilities contemplated in the application. If the University is not satisfied with the physician's letter, a second opinion from a physician of the University's choice may be sought. If these two physicians disagree, a third physician acceptable to the Association and the University shall be consulted and his or her their opinion shall stand. The ASM shall not unreasonably refuse to be examined by a physician.

22.46 While an ASM is receiving Long Term Disability benefits, the University shall continue employer contributions to all employee benefit plans, in accordance with the terms of those plans at the same levels as those in effect at the time the ASM was transferred to the Long Term Disability Plan.

23.01 A term appointment both teaching term and regular term, is an appointment of an ASM to a position with a defined term of no more than three (3) years, no less than 5 months in the case of an appointment involving a single semester of teaching and no less than 10 months at a time for any other term appointment, which does not lead to a consideration for promotion or tenure, except for the conditions described in Clauses 11.04, 23.04 and 23.19. At least seventy-five (75) percent of term appointments at the University shall be regular term appointments.

23.02 A regular term appointment is a term appointment under which the appointee performs the normal duties and responsibilities of an ASM. All regular term appointments for Faculty Members shall be for a minimum of twelve (12) months and appointees shall remain members of the bargaining unit for one (1) year following the end of any appointment with the University.

23.03 A regular term appointee, except a Librarian or an ASM-CFE, with an earned doctorate or generally accepted terminal professional qualification shall be appointed at the rank of Assistant Professor or higher.

23.04 A regular term appointee hired at the rank of Lecturer shall be promoted to the rank of Assistant Professor, effective the date of notification of completion of an earned doctorate or generally accepted terminal professional qualification from a recognized University in a discipline appropriate to the appointment.

23.05 A teaching term appointment is a term appointment under which the assigned appointee's duties and responsibilities are limited restricted to teaching as defined in Article 3, and shall not exceed a period of thirty-six (36) months. Notwithstanding the teaching norms for Academic Units as listed in Appendix E, the maximum teaching assignment shall be three (3) lecture courses, one (1) lecture course plus one (1) laboratory course or the equivalent (in accordance with Article 3), or two (2) laboratory courses or the equivalent (in accordance with Article 3) per semester. At least fifty (50) seventy-five (75) percent of the teaching term appointments shall be for a minimum period of two (2) consecutive semesters (10 months).

23.06 Notwithstanding Clause 23.05, and the teaching norms for Academic Units as listed in Appendix E, a teaching term appointee may, in any semester where two or more sections of the same course have been assigned, be assigned four (4) lecture courses, two (2) lecture courses plus one (1) laboratory course or the equivalent (in accordance with Article 3), or two (2) laboratory courses or the equivalent (in accordance with Article 3). For teaching term appointments that exceed 12 months, teaching shall not be assigned in the Spring semester, and shall only be assigned in either the Intersession or Summer session.

23.07 A teaching term appointee with an appointment that is 12 months or less and is assigned teaching as defined in Clause 23.06, is entitled to receive pay in lieu of vacation as follows. When there are insufficient days between the last day prescribed by the Registrar's Office to submit marks for the final exams (for which the appointee has responsibility) and the end of the semester for the appointee to exhaust his or her remaining vacation leave entitlement, the appointee shall, upon written request, receive pay in lieu of vacation for the difference calculated on a pro rata basis as per Clause 22.02.

23.08 A teaching term appointee shall be a member of the bargaining unit when he or she is required to teach a minimum of three (3) lecture courses, one (1) lecture plus one (1) Laboratory Course, or two
(2) Laboratory Courses per semester and appointees shall remain members of the bargaining unit for five (5) months following the end of any appointment with the University.

23.09 Notwithstanding the provisions of Article 31, Teaching term appointees, including retired ASMs, shall hold the rank of Visiting Professor, Visiting Associate Professor, Visiting Assistant Professor or Lecturer, depending upon their qualifications. Teaching term appointees, regardless of the rank held, shall be paid as per Clause 23.17 on the appropriate scale according to rank held.

23.10 The combined duties and responsibilities of a term appointee holding appointments in one (1) or more Academic Units shall be deemed equivalent to those of a single unit for the purpose of Clauses 23.02 to 23.08.

23.11 The letter of appointment shall specify whether the term appointment is a teaching term appointment or a regular term appointment. If the letter of appointment states that a term appointment is for twelve (12) months or longer and that it is subject to renewal, the ASM shall be informed whether or not the appointment is to be renewed at least three (3) months prior to the expiry of the term. Failure to provide such notice shall result in an extension of the appointment for a period equal to the length of the expiring appointment.

23.12 In any one semester, the total number of ASMs with term appointments shall not exceed twenty-five (25) percent of tenure-track and tenured, and permanent ASMs in any one, individual Academic Unit, and the total number of term appointments in the University shall not exceed fifteen (15) percent of the total number of ASMs in the Association’s Bargaining Unit.

23.13 In making term appointments, the University shall follow the procedures set out in Articles 6, 7, 13 or 24 except that when appointments or extensions of term appointments need to be made urgently, such appointments need not be advertised. A term appointment may be extended or renewed without advertising providing that the reappointment or renewal is recommended by the Search Committee as specified in Clause 7.19 or Clause 13.20.

23.14 For a regular or teaching term position, the Search Committee shall first consider for rehiring any applicant who has previously taught credit courses at the University. For the purposes of this clause, the Search Committee shall determine seniority the amount of experience based on an examination of the number, duration and type of non-tenure track contracts (teaching or regular term appointments), held at the University, and/or the number of per course credit courses taught at the University over the past six (6) years. This applicant(s) shall be considered before all other applicants. Consideration shall be on the basis of qualifications for the required position and seniority amongst the applicants. As long as an applicant with experience does not have a documented unsatisfactory record with the University, the term applicant with most experience shall have the right of first refusal for any term position for which the member has qualifications that match those required for the position. In cases where the applicants have equal experience, the term position shall be offered to the candidate who is most qualified for the position. In cases where two or more candidates are equally qualified, the promotion of equity and diversity shall take precedence.

23.15 No ASM on term appointment shall be excluded from consideration for any tenure-track or permanent appointment that may be made in accordance with Articles 6, 7, 13, Article 24 and Article 30. 25.24 Within five (5) days of AFE3, the President shall send to the Budget Advisory Committee and to the Association, the information used by the President in reaching his or her conclusion that there is a state of anticipated financial exigency. The date on which this information is sent shall be referred to as "AFE4".

Within categories (b), (c), and (d) of this Clause, the order of termination or layoff shall be based on reverse seniority except as modified by Clause 25.32.

25.30 An ASM holding an externally-funded named chair or a national/international award covering salary shall be exempt from layoff for reasons of financial exigency.

25.31 An ASM who re-enters the bargaining unit at any time during the duration of this Collective Agreement shall be subject to layoff according to Clauses 25.29 and 25.33 as if he or she were in the bargaining unit at the time financial exigency was declared.

25.32 Notwithstanding anything in this Article, the reduction to an Academic Unit through all losses at times of financial exigency shall not exceed one hundred fifty percent (150) of the proportional reduction to the bargaining unit itself through all losses. The number of ASMs in the bargaining unit and the initial Academic Unit size shall be those in effect on December 1, 1995. A Protocol for determining the maximum number of layoffs for an Academic Unit, including a definition of “losses”, is contained in Appendix F.

25.33 For purposes of this Article, seniority shall be established by the date upon which employment commenced at the rank of Lecturer or above, or Librarian I or above, minus any period of time between a resignation and a re-hiring and minus any period of leave for which pension contributions were not allowed. Seniority shall not be affected by leave taken in accordance with this Collective Agreement or any previous Terms and Conditions of Employment under which an ASM was engaged. If two (2) or more ASMs have equal seniority, the order of seniority will be decided by lot, except if one (1) ASM has discontinuous service interrupted by the period of time between a resignation and a re-hiring. In such a case the ASM with continuous service shall be deemed to have the greater seniority.

25.34 An ASM who has been laid off as a consequence of financial exigency shall be entitled to retain the following privileges for up to three (3) years following the date of layoff:

(a) full library privileges including short courses on electronic access;

(b) computing accounts and related services subject to the same costs as those applying for ASMs, and subject to restrictions that the Director of Computing and Communications may, in the future, place on off-campus access;

(c) access to credit courses on the same basis as ASMs;

(d) free non-credit courses to a limit of one (1) per semester with additional courses subject to space availability;

(e) access to Physical Education facilities at one-half the rate charged to ASMs.

RECALL

25.35 An ASM laid off as a consequence of financial exigency shall have the right to be recalled within three (3) years of the end of the Academic Year in which the exigency is declared. Recall of ASMs shall be in order of seniority of those who have been laid off within the Academic Unit to which the ASM is recalled. It shall be the responsibility of the laid-off ASM to keep the University informed of their current address and telephone number.
25.36 In the event of recall the ASM shall receive the rank, salary, seniority, and all the entitlements held prior to layoff. In addition, should the activities of the ASM during the period of layoff be relevant to his or her University position, credit for an appropriate period shall be added to his or her entitlement.

25.37 No tenured or tenure-track position from which an ASM has been laid off shall be replaced by a term appointment for at least three (3) years from the end of the Academic Year in which the exigency is declared.

25.38 An ASM holding a tenure-track or tenured position who is notified of a layoff may, prior to the layoff date, resign and receive a special severance allowance of one (1) month of salary for each full year of service at Memorial University with a minimum of eight (8) months' salary and a maximum of twenty-four (24) months' salary. This salary shall be computed on the basis of the ASM's salary at the time the layoff notice was issued. Any resignation under this Clause shall be exempt from the provisions of Clause 25.01.

LAYOFF OF ASMS FOR REASONS OF ACADEMIC PROGRAMME REDUNDANCY

25.39 Layoffs of ASMs for other than financial reasons shall be for bona fide academic reasons only and the process shall be subject to the terms of this Article set out hereafter.

25.40 An academic programme is defined as a set of courses leading to a degree, certificate, or diploma approved by the Senate of Memorial University.

25.41 An academic programme redundancy is defined as a major change in academic programmes which can be expected to result in layoffs of ASMs. Such redundancy may result from significant changes in student enrolment or the merger, amalgamation or closure of Departments, Faculties, Schools or Libraries.

25.42 Layoffs of ASMs owing to an academic programme redundancy shall not be treated as, or substituted for a suspension, dismissal for cause, or other disciplinary measure.

25.43 The following measures shall be undertaken by the University before a decision is made to declare an academic programme redundancy:

(a) moratorium on new appointments both within and outside the bargaining unit in the Academic Unit affected, and in cognate areas;

(b) transfer to other Academic Units in accordance with Clauses 25.13 - 25.16.

(c) consideration for retraining at the option of the University. All such re-training shall be undertaken with the ASM's consent. An ASM selected for retraining shall be allowed leave for up to two (2) years and shall receive a salary and/or research grants, stipends, fellowships, etcetera, equivalent to one-hundred (100) percent of the ASM's Basic Annual Salary for such year(s) of leave. An ASM selected for retraining must undertake to return to employment at the University for a period equivalent to the period of retraining leave.

25.44 Where declining student enrolment is argued as a bona fide academic reason, the University shall demonstrate that a significant decline in enrolment has occurred which has resulted in low enrolments for at least three (3) consecutive years, and reasonable projections into the future indicate that a low level of enrolment will continue.

25.45 Any declaration of academic programme redundancy shall be initiated by the Provost & Vice-President (Academic).
25.46 When the Provost & Vice-President (Academic) plans to recommend to Senate that there be a declaration of academic programme redundancy, the Provost & Vice-President (Academic) shall inform in writing the appropriate Dean, Director, University Librarian, Associate Vice-President (Marine Institute) Academic and Student Affairs or Vice-President (Grenfell Campus), and the Association of his or her their plan for redundancy along with the reasons and anticipated consequences.

25.47 The Dean Director, University Librarian, or Associate Vice-President (Marine Institute) Academic and Student Affairs shall notify all ASMs of the affected Academic Unit in writing as well as the Faculty Council (or equivalent governing body) of the Academic Unit. The Vice-President (Grenfell Campus) shall notify Counselling Faculty Members at Grenfell Campus.

25.48 The Dean, Director, University Librarian, Vice-President (Grenfell Campus), or Associate Vice-President (Marine Institute) Academic and Student Affairs, the Faculty Council (or equivalent governing body), and the affected Academic Unit shall conduct separate reviews of the proposal of the Provost & Vice-President (Academic) and shall make recommendations to the Provost & Vice President (Academic) and the Vice-President (Grenfell Campus), as appropriate, within thirty (30) days.

25.49 Within a further thirty (30) days, the Provost & Vice-President (Academic) shall consider all advice and recommendations received and shall make a decision whether or not to recommend to Senate a declaration of an academic programme redundancy. He or she They shall inform in writing the Senate, the affected Academic Unit and the Association concurrently of his or her their decision.

25.50 If the Provost & Vice-President (Academic) recommends an academic programme redundancy which would lead to the lay off of ASMs, the Senate shall meet within twenty (20) days and have an additional thirty (30) days from the time of its meeting to review the recommendation of the Provost & Vice-President (Academic) along with all other written recommendations received by the Provost & Vice-President (Academic).

25.51 The Senate shall hear any representation from the Association and from the affected Academic Unit prior to making its decision on academic programme redundancy for the affected Academic Unit.

25.52 The Senate shall advise all interested parties of its decision. Senate’s decision shall be submitted to the Board, whose decision shall be final.

25.53 Any layoff resulting from academic programme redundancy shall be effected using the processes of Clauses 25.29 - 25.31, and 25.33 - 25.38.
