

TO: All MUNFA Members

FROM: The MUNFA Executive Committee

DATE: June 19, 2024

SUBJECT: Summer Months and Workplace Temperatures

As the summer months approach, the MUNFA Executive would like to remind Academic Staff Members (ASMs) of the [IB circulated last summer](#) in response to the University's messages and approach to heat stress at work.

While temperatures this year have not yet reached high levels in the province, it is anticipated that warm days and heat warnings will occur again this year. As such, the MUNFA Executive again encourages members who experience or have experienced adverse working conditions due to summer heat to contact MUNFA at munfa@mun.ca. Please include the name of the building you work from, the floor, and any other pertinent details.
