SUBJECT: **Association Grievance A-18-07 (Smoking Policy)**

As per the University's current Smoking Policy, smoking is prohibited at any time on property occupied by Memorial University (<https://www.mun.ca/policy/site/policy.php?id=243>).

After receiving complaints from ASMs regarding smoking on campus, MUNFA filed an Association grievance on the University's failure to enforce the Smoking Policy.

A grievance meeting was held on October 24, 2018. MUNFA has since received a [Step 2 response letter from the Associate-Vice President \(Academic\)](#). MUNFA has been advised that the current Smoking Policy is up for review. Once the consultation phase of the review is initiated, MUNFA encourages all ASMs to provide input.
