Subject: Ratifying the new Collective Agreement

---

At its meeting of September 20, 2007, the MUNFA Executive voted to endorse the tentative settlement with the university reached on September 6, 2007. The Executive's view is that this is an excellent agreement, and one that represents the best deal that could be achieved under the circumstances.

The Executive urges all members of the bargaining unit to take the time to vote on Tuesday October 2. A decision on ratification will be decided by a 50% + 1 majority of those who cast a ballot, so it is important that everyone exercise his or her right to vote.
