

Assessing the Child Care Needs of MUNFA Academic Staff Members in St. John's

A MUNFA Child Care Working Group has formed to assess the needs for child care among Memorial University Academic Staff Members (ASMs) who work in St. John's (e.g., at the St. John's Campus, Marine Institute, the Signal Hill Campus, or the Ocean Science Centre).

We are gathering data about the child care experiences and priorities of MUNFA parents and guardians. Based on the information gathered, the MUNFA Child Care Working Group will develop a child care action plan for ASMs in St. John's.

Please help us by completing this survey!

This survey is for parents/guardians of children aged 12 years or less and those who anticipate having the need for child care in the next two years, who are ASMs working at Memorial University in St. John's.

The survey will take approximately **5 minutes** to complete. It includes questions about your child care needs, experiences, and priorities. Participation is voluntary and anonymous.

If you have any questions about the survey or if you would like to be part of the MUNFA Child Care Working Group, please contact Yolande Pottie-Sherman at ypottiesherm@mun.ca.

To avoid double-counting, only one parent/guardian per household should take this survey.
