SUBJECT: Reduction in TA Hours

The MUNFA Executive has filed an Association Grievance related to an established reduction in Teaching Assistant hours - notably in the Faculty of Science. Any Academic Staff Members, in any faculty, department, or unit, who have experienced a reduction in TA hours are asked to please contact munfa@mun.ca with more information.

It would be of particular help to know the department/unit impacted and as much detail as possible on the corresponding impacts on working conditions.
